## What we need

We will require approx. 4cm x 4cm of you fabric, a little more if it is exceptionally fine, per button. Please ensure that the face of your fabric is clearly marked. **Do not cut the fabric into squares.** We would recommend that when calculating your need you increase your order by 10% as it is always a good policy to have spare buttons to present with your garment.

## Special Requests

Dual covering (i.e. net plus fabric) please add GBP 0.50 per button. Canvas backs (if available in your size) please add GBP 0.35 per button. For special shank alignment (where all shanks are aligned with fabric pattern), and for general use of pattern, please add GBP 0.55 per button.
